Jung's explanation about "compensation" as a way to understand dreams helped me see things in a new way - for example, I thought my recurring dream about driving an out-of-control car meant my conscious life was out of control. Instead, the dream could be compensating for a conscious life that was in control far too much.

### Dreams by C.G. Jung

This new reprint of Jung's classic dreams texts is as good as it gets for an introduction to Jung's writings on dreams, with a new preface and all the original images. No doubt about it, some of the essays are tough reading, this is not Jung-lite but it's perfect for my purposes -- I use it to teach graduate level dream studies.

Jung saw dreams as the psyche's attempt to communicate important things to the individual, and he valued them highly, perhaps above all else, as a way of knowing what was really going on. Dreams are also an important part of the development of the personality - a process that he called individuation.
