

TANZANIA

Naipenda safaris

I LOVE TO TRAVEL

*Awaken to an elephant's mighty trumpet. Know
the exhilaration of a wildebeest stampede.
Observe the tenderness of a lioness
with her cubs.*

*These are all experiences that await you on safari in
the extraordinary landscapes of Tanzania, East
Africa. These are moments you'll remember
forever, and they're closer than you think.*

Naipenda!

W E L C O M E

We started Naipenda Safaris in 2000 to bring the provocative, enlightening adventure of an African wildlife safari to everyone. Working between our dual offices – one in the Hill Country of Texas and the other in the Tanzanian city of Arusha – we have built an excellent reputation as a firm that gives you more of what East Africa has to offer at a competitive price.

With over 25 years combined experience, we know the best local suppliers in lodging, transportation, air charter and more, making certain you get excellent value and an unforgettable vacation.

OUR EXPERIENCE AT YOUR SERVICE

NAIPENDA SAFARIS is honored to work with highly trained naturalists, environmentalists and game spotters – many of the most respected names in Tanzania and we all work together to make every safari special.

Our guides have grown up (literally!) traversing the bush and the national parks, so their knowledge of the geography, the flora and fauna and the wildlife is wide-ranging and robust. While every safari is different, our experts will do everything possible to help make your experience everything you are hoping it can be.

While we like to keep the groups small and personal, we can accommodate parties of any size. Pricing is flexible, ranging from rustic-but-comfortable camp-

ing accommodations to five-star luxury lodges. And everyone is welcome – families with children, honeymooners, empty nesters, even business-related groups and non-profit organizations.

For traveling through the bush, we use new Toyota Land Cruisers that have been specially outfitted for safari work. The seating is roomy enough that guests can move around comfortably to get those all-important photos.

And of course, all of our employees are committed to the protection of the environment. By traveling with Naipenda Safaris, you can be assured that you are supporting responsible tourism that is dedicated to preserving the natural wonders of this outstanding country.

WHAT STYLE OF SAFARI IS RIGHT FOR YOU?

With so many things to see and do during a safari holiday, you want to be flexible enough to experience it all, and yet remain comfortable while doing so. That's why we offer three different types of safari accommodations – Safari Lodges, Permanent Tented Camps/Lodges, or Mobile Camping. Our experts at Naipenda Safaris can help you customize a trip that includes a combination of one, two or all three of these choices to fit your group's style and budget.

A Safari Lodge is most like a hotel, and many have been designed and built to reflect the indigenous cultures and treasures of Africa.

Permanent Tented lodges or camps are located near the areas where wild-life roam, so you're closer to the action. While each campsite varies in the degree of luxury, you can be assured of a high degree of comfort and service.

The best way to follow the wildlife and get the true safari experience, however, is through Mobile Camping (often called “Hemingway-style”). Again, to fit your group’s individual needs, we offer three varieties:

Tents

T E N T S

DELUXE MOBILE TENTED camping combines nights in lodges with nights in walk-in sleeping tents. Camps are set up prior to guests' arrival, and consist of luxury sleeping tents with rugs, metal-frame beds and a covered veranda with tables and chairs. The Deluxe camping tents include a separate bath area with shower, flush toilet and pedestal sink. Guests are treated to top-quality linens in their private tents and in the dining tent – are served delicious meals on fine china and crystal.

STANDARD MOBILE TENTED camping employs tents that are similar to the luxury tents – with metal frame beds and private bath facilities en suite – but are slightly more moderate in the amenities provided. Still providing for every comfort and convenience, the standard tents are easier to break down, move and set up again, all of which is done while guests are on a game drive.

BUDGET FLY CAMPING makes use of two-to-four-person pop-up tents that are transported in a separate pull trailer. Our crewmembers set these up for you at public or private campsites so they are ready and waiting at the end of the day. At public campsites, toilet and shower facilities are within easy walking distance, while at private campsites you'll have access to a shower and toilet tent set up specifically for your group.

WE'LL CREATE A SAFARI TO FIT YOUR AGENDA OR BUDGET

With Naipenda Safaris, there is no reason to think an African safari is beyond reach. We have created custom safari packages for a wide range of budgets and needs, schedules and travel styles. We have the experience and flexibility to adjust things to suit your needs – anything from the length of the trip to the schedule for the day.

If you'd like to add a side trip or special sightseeing event, we are happy to accommodate you. Programs can include a visit to a Zanzibar beach resort, a trek up Kilimanjaro, or a swing through the Southern Circuit to visit Selous Game Reserve or Mikumi National Park.

Just tell us about your "Safari Dreams" and we'll work to make them come true!
